Objective:

Highly skilled and motivated software developer with a strong proficiency in React.js, seeking a challenging role to create innovative features and enhance applications. With a proven ability to deliver on short timelines, I aim to utilise my expertise in UI/UX design and React.js lifecycle to maximise performance and create exceptional user experiences.

Education:

Bachelors of Engineering in Computer Science
University of Mumbai
2016-2020

Skills:

- React.js
- Component Development
- HTML/CSS
- Git
- Problem Solving
- Python

- Redux / Redux Toolkit
- Responsive Design
- JavaScript
- Agile Methodologies
- UI/UX Design
- Node.js

Experience:

Software Developer | Arrk Group Pvt Ltd| Sept 2021 - Present
- Developed new features and components for web applications, adhering to tight project timelines.
- Created reusable and future-proof libraries and components, improving code maintainability and scalability.
- Translated UI/UX designs and wireframes into high-quality code, ensuring a seamless user experience.
- Utilised React.js lifecycle methods to optimise component performance across various devices and browsers.
- Collaborated with design and content teams to enhance customer-facing landing and resource pages.

MERN Stack Developer | Quantian Technologies Pvt Ltd| Feb 2021 - Sept 2021
- Designing and developing web apps, also writing REST APIs.
- Assisting team members in debugging and refactoring the code.
- Developed Pixalive: Our Nation, Our Social Network.

Intern | AppXBuild Technologies Pvt Ltd | June 2020 - Dec 2020
- Assisted in the development and testing of software applications.
- Implemented UI/UX designs and contributed to frontend development tasks.
- Worked closely with senior developers to learn and apply best practices in software development.

Projects:

- **Barbour ABI:** Developed a feature-rich e-commerce platform using React.js & Redux, improving user engagement and increasing sales by 30%.
- **PAP(Planning Application Preprocessor):** Implemented a responsive web application with a focus on accessibility, resulting in a 20% increase in user satisfaction.
- **Pixalive:** Developed user friendly web app and website as per the clients requirement using React.js which results to a better sales.
- **Personal Portfolio** : Developed personal portfolio to show case my skills and deployed it using firebase.

Languages:

- Hindi (Fluent)
- English (Fluent)
- Marathi
